NGATI KAHU HAUORA STAFF UPDATE

Over the few months there have been some changes at the Hauora and we would like to update you with what is happening.

Doctor Service

Dr's David, Claire and Sarah are currently providing the Doctor service. We recognize that many people value seeing the same doctor each time but this may not always be possible without some delay. We would like to reassure you that we work very closely as a team and your healthcare is our priority. Please do not delay coming to the Hauora if you are unwell or need a review of your medications or condition.

Over the next few months there will be further changes to the Doctors schedule when Dr Sarah starts her Maternity break.

GP Registrars

We are proud to have been recognized as a teaching practice and be able to support GP registrars as part of their ongoing training towards Fellowship of the Royal New Zealand College of General Practitioners. Dr Anita Page has completed her attachment with us and Dr Bushra Wahid will now be at the Hauora until November.

Nurse Practitioner

Michelle, our Nurse Practitioner, has completed her training and is now able to offer more services including prescriptions. You may find you are asked to come and see her for prescription reviews or long term condition updates.

Nursing Service

Mary and Robyn continue to provide the nursing service and are available every day between 8.30 and 4.

Administrative staff

Jackie, Cheri and Ruby can be found at reception and at the end of the phone. It is vital that we have your correct contact details, including mobile phone and email where possible. Please review and update these when you are at the Hauora and please remember to let us know when your contact details change.

Management

Judy, Swelam and Ruakapua ensure that the practice runs smoothly. If you have any concerns or suggestions for improvement please let us know.
